

Guidelines for Accelerated Math High School Level

- High School students will be given the opportunity to work on Accelerated Math to increase their math skills.
- Regular Ed. students will work on the A.M. level to match their course (Algebra I, Geometry, or Algebra II).
- Math Models students will work the Algebra I program.
- Special Ed. students and those in the RTI program will work with their teachers at the appropriate grade levels to meet their needs.
- Regular Ed. and Resource assignments will be optional for students.
 - * One Accelerated Math practice may replace one daily grade.
 - * One Accelerated Math test may replace one test grade.
- AP and PAP students will be excluded from using Accelerated Math.
